Projects

Food Waste Monitoring System

July 2024-October 2024

- Developed a system to monitor food waste using Python and OpenCV for image processing.
- Integrated cloud technologies (AWS/Azure) to store and process food-related data in real-time.
- Utilized Python to scan and analyze food items, helping to track waste and optimize food consumption in real-time.

Web hosting

June 2024 -July 2024

- Deployed static and dynamic websites on AWS using S3, EC2, and Route 53
- Configured domain name services (DNS) and ensured website availability using AWS Route 53.
- Optimized website performance and security by implementing AWS best practices.

Apache CloudStack

March 2024-April 2024

- Completed 45-step lab implementation using Apache CloudStack, deploying and managing virtual machines.
- Deployed and managed virtual machines (VMs) to simulate cloud computing environments.

Instagram Clone

May 2024-June 2024

- Developed a front-end Instagram clone using HTML, CSS, and JS, implementing user interface features like image display and responsive design.
- Implemented key features like image display, profile layout, and dynamic user interactions.
- Ensured cross-device compatibility with modern web development practices.

Certificates

- | | |
|---|----------------------|
| AWS Academy Graduate(Foundations Course) | June 2024 -July 2024 |
| Apache CloudStack Hands-On Lab Completion | Nov 2024-Dec 2024 |
| Prompt Engineering for ChatGPT | Feb 2023- March 2024 |
| ChatGPT Advanced Data Analysis | June 2023- July 2023 |

Trainings

Internship: Self-Paced DSA by GeeksforGeeks

June 2024- July 2024

- Developed a strong understanding of data structures and algorithms, including arrays, linked lists, stacks, queues, trees, graphs, and hash tables.
- Solved DSA problems to strengthen problem-solving skills.
- Gained expertise in time and space complexity analysis to write efficient code.
- Enhanced competitive programming skills by solving problems on platforms like GeeksforGeeks and LeetCode.

Skills

Technical Skills: C, C++, Java, Python, SQL, Windows, Linux, Ubuntu, AWS, Azure, DevOps

Soft Skills: Time Management, Teamwork, Communication, Problem-Solving

Education

Lovely Professional University

2022 - 2026

Bachelor of Technology (CSE)

Jalandhar, Punjab

Jagjiwan college,

2020- 2021

Intermediate

Arrah, Bihar

Sambhawana Residential High School

2018 - 2019

Matriculation

Arrah, Bihar
